1. Overview

1.1 Background

From 1 January 2022, the UK financial services regulator, the Financial Conduct Authority (FCA) introduced the Investment Firms Prudential Regime (IFPR), which is the regulatory framework for governing the amount and nature of capital that investment firms must hold. The new prudential requirements for investment firms are now set out in the FCA Prudential sourcebook for MIFID investment firms (MIFIDPRU). Under MIFIDPRU, a new framework for regulatory disclosures was introduced. These disclosures cover:

- Risk management objectives and policies (MIFIDPRU 8.2);
- Governance arrangements (MIFIDPRU 8.3);
- Own Funds (MIFIDPRU 8.4);
- Own Funds Requirements (MIFIDPRU 8.5);
- Remuneration policy and practices (MIFIDPRU 8.6); and
- Investment Policy (MIFIDPRU 8.7).

This disclosure is in relation to abrdn Investments Limited (the Firm), a private limited company, incorporated in the United Kingdom, authorised and regulated by the FCA. Under the IFPR's firm categorisation, the firm is categorised as a non-small non-interconnected (non-SNI) MIFIDPRU investment firm. The Firm's reference number is 121891.

The Firm is a wholly owned subsidiary of abrdn plc. abrdn plc and its subsidiaries are defined as the abrdn group. The abrdn group's business is structured around three types of businesses (Investments, Adviser and interactive investor) which are focused on the changing needs of clients. The Firm sits in the Investments business.

1.2 Frequency and location of disclosure

The Firm's disclosure under MIFIDPRU is made annually at the same time as the publication of its financial statements. Additional disclosure may be made where appropriate, for example, in the event of a major change in business model.

All areas of disclosure are covered in this document with the exception of MIFIDPRU 8.2 Risk management objectives and policies and the qualitative disclosures relating to MIFIDPRU 8.6 Remuneration policy and practices. These are covered in separate documents titled Risk Management Disclosures for MIFIDPRU Investment Firms and 2023 Group Remuneration Disclosure, respectively.

These disclosures can be found on the abrdn plc website:

2. Governance arrangements

2.1 Board and committees

The Board of Directors of the Firm (the "Board") recognises that the long-term success of the business is dependent on the way it works with a large number of important stakeholders. The Directors have had regard to the interests of stakeholders (including clients and customers, employees, society and shareholders) while complying with their obligations to promote the success of the Firm in line with section 172 of the Companies Act. The Board has discussed these obligations throughout the year, including how stakeholder engagement is incorporated into long-term decision-making and how the Firm operates as a subsidiary within the wider abrdrn group.

The Board has overall responsibility for the Firm's business including overseeing the implementation of the strategy. The Board oversees the operation of the Firm's business by senior management, as well as its adherence to risk appetite, compliance with abrdrn group policies, including those relating to the provision of services to clients, and the maintenance of adequate accounting and other internal control systems to ensure compliance with regulatory obligations; and regulatory rules mandating the operation of specific policies and procedures (for example, regarding conflicts of interest, outsourcing, remuneration etc.).

The abrdrn group Conflicts of Interest ("COI") Policy sets the standards the Firm must adhere to and is attested to through the broader policy attestation framework in order to prevent and manage any potential and actual COI. The Directors review and authorise Board members' actual and potential conflicts of interest on a regular and ad hoc basis in line with the authority granted to them in the Firm's Articles of Association. As part of the process to approve the appointment of a new Director, the Board considers and, where appropriate, authorises their potential or actual conflicts. The Board also considers whether any new outside appointment of any current Director creates a potential or actual conflict before, where appropriate, authorising it. At the start of every Board and Committee meeting, Directors are requested to declare any actual or potential conflicts of interests and in the event a declaration is made, conflicted Directors can be excluded from receiving information, taking part in discussions and making decisions that relate to the potential or actual conflict. The abrdrn group, of which the Firm is a part, has an Enterprise Risk Management ("ERM") framework comprising three lines of defence; the first being day-to-day risk management, including identification and mitigation of risks and maintaining appropriate controls; the second being oversight from the abrdrn Group Risk and Compliance function, which reports to the Chief Risk Officer; and the third being the abrdrn Internal Audit function, reporting to the Chief Internal Auditor, which independently verifies systems of control.

The governance framework comprises the management body of the Firm, the Board, and the Board committees which collectively manage and oversee the business. The Board governs the Firm in accordance with its Articles of Association, the Board Charter / Matters Reserved and the business plan, which considers the long term success of the Firm and ensures that the likely long term consequences of any decisions by the Firm are taken into account. Matters which are material to the abrdrn group must be referred by the Firm to the abrdrn plc Board for non-objection. The Board receives reports from the abrdrn plc Board and its Committees where matters have been discussed or decisions made on abrdrn group matters which have direct relevance to the Firm. The Board regularly reviews reports from the Chief Executive Officer and from the Chief Financial Officer on progress against approved strategies and the business plan, as well as updates on financial market and global economic conditions. Specific Board and Committee awareness and deep-dive strategic sessions take place during the year.

The Board provides clear leadership, line of sight and accountability throughout the business. The Board is responsible for the development and delivery of strategy and for leading the Firm through challenges and opportunities. The Firm ensures that the members of the Board meet the requirements of SYSC 4.3A.3R. The Firm is subject to the Senior Managers Regime ("SMR") and all members of the Board and the management body hold SMF status, and are registered and listed on the FCA Register. The Firm has undertaken the necessary fitness and propriety tests associated with the SMR to ensure each Director:

- Is of sufficiently good repute;
- Possesses sufficient knowledge, skills, and experience to perform their duties;

- Possesses adequate collective knowledge, skills, and experience to understand the Firm's activities, including the main risks;
- Reflects an adequately broad range of experiences;
- Commits sufficient time to perform their functions in the Firm; and
- Acts with honesty, integrity, and independence of mind to effectively assess and challenge the decisions of senior management where necessary and to effectively oversee and monitor management decision-making.

The Board oversees and is accountable for the Firm's governance arrangements.

The Board reviews public disclosures specific to the Firm's business and has approved this Regulatory Disclosure.

The Board meets quarterly, with ad hoc meetings scheduled, as needed. As at 31 December 2023, the Board comprised of three directors.

The Board oversees and is accountable for the Firm's governance arrangements. In accordance with MIFIDPRU 7.3R a non-SNI MIFIDPRU Firm's Board is required to establish its own risk, nomination and remuneration committees comprised of independent non-executive directors. The FCA has granted the Firm waiver to this requirement enabling it to rely on the Risk, Nomination and Remuneration Committees operated by the abrdn plc on the basis that they consider the Firm's matters.

A summary of the role of each of the abrdn plc committees is set out below. Where the activities and recommendations of these committees, in so far as they relate to the Firm, are reported to the Firm's Board for its review and approval, as needed.

4. Own Funds Requirements

The Firm is required to hold capital resources to cover the higher of the Own Funds Requirement and the Own Funds Threshold Requirement (OFTR) in complying with the Overall Financial Adequacy Rule (OFAR). The OFAR states that a firm must, at all times, hold Own Funds and liquid assets which are adequate, both as to their amount and quality, to ensure that:

- the firm is able to remain financially viable throughout the economic cycle, with the ability to address any material potential harm that may result from its ongoing activities; and
- the firm's business can be wound down in an orderly manner, minimising harm to consumers or to other market participants.

4.1 Own Funds Requirement

The Own Funds requirement is based on the higher of the Permanent Minimum Requirement, the Fixed Overheads Requirement and the K- Factor requirement as shown in the table below:

Own Fund Requirements ¹		
	£'000	£'000

Fixed Overhead Requirement		63,448

- K-CMH: K-factor requirement based on client money held.
- K-ASA: K-factor requirement based on assets safeguarded and administered.
- K-COH: K-factor requirement based on client orders handled.

4.2 Own Funds Threshold Requirement

The OFTR supplements the Own Funds Requirement via the Internal Capital Adequacy and Risk Assessment (ICARA), which is the means by which the Group assesses the level of capital that adequately supports all of the relevant current and future risks in its business, taking into account potential periods of financial stress during the economic cycle as well as a potential wind-down scenario. The OFTR is the higher of the two, as per the OFAR. The ICARA is performed at a Group level with the resulting Own Funds and liquid asset requirements allocated to subsidiaries as appropriate. The results of the Group's ICARA process will be subject to periodic review by the FCA under the Supervisory Review and Evaluation Process (SREP).
